FRIDAY, MARCH 31, 1905

The issue of the Republican convention will prove much more to be the issue of Chicago.

Will the mayor not look an advocate of the three-cent fare?

Is Mr. Bonaparte aware of what it means to have a Democratic mayor in one of the Republican cities in a presidential year? Democratic mayors have not exactly been the presidential timber Republicans would be anxious to nominate.

What he wrote his unfavorable account for was not always that the Lost Arch had come down and the tunnel under the lake-pocket built a mile out.

Is Sam Patterson isn't more careful he will soon be another as a public spectacle of dreadful ability. When he started in to run campaigns he evidently discovered any number of fine points concerning, not fun by any, as the proper means to the ends, he discovers a knack at saving just the right thing and adapting himself to the different classes of people he addresses with a degree of success that is remarkable. He is wearing gather spectacles everywhere, and the spectacle promises to become a resolution by Tuesday next.

It is now definitely settled that Davis and Ed Dunne are the Democratic candidates for aldermen in the Fourth Ward were the Republican voters, Mr. Mathias, the regular nominee, and Mr. Samuel Ettelson, who upon the anticipation of a large number of the best citizens of the ward had consented to run independent. A good municipal boxing that one or the other of these gentlemen will be elected. Whatever may be said of him it is the people of the Fourth Ward will have the satisfaction of knowing that they have one of their most accomplished business men to represent them, and an intelligent, fearless and honest public servant.

But as the evidence in personal assaults upon the Mayor (all of which are only serving to increase his number of his friends) the fine-gravity seems due to be a member of the United Order of Impudence and as such has been using his power to drive Democratic from office and to promotion for degrees. The accusation is ridiculous, as only fancy who makes a tour of the City Hall must know. As counsel, he will be seen by the interested private members the Mayor may have this charge to a to make out of whole cloth. Mayor Dunne is not and never was a member of the U. C. I. He has never made any business conditions as to the employment or officials and the harassment of the charge is shown by the fabulous cost to the private offer, while their use daily depre-ciates to all the taxpayers. The Mayor's utterly opposed to dragging the question of religion into politics, believes that a man's religion is sacred to himself, and that every civil servant of foreign birth is entitled to all the privileges of native American born. This is a free country, and a man has the right to hold any religious opinions he chooses and actually has the right to believe, pray how about them. In declaring out the bigots falsehood the Mayor has put his foot on a scoundrel, he has been will be plenty more of them.

Trouble to offset Mr. Dunne's splendid business administration in question the great service to the city, these unscrupulous organs have resorted to personal mud slinging. They seek to muffle an ism of self-respect to purchase into the Dunne City and intending upon the gateway of the back-door members, but in so doing they will but turn the ordinarily even a little fish, though they may manage to damage as a business and failure.

GRADUATE WORK STRONGLY PUSHED WITH SIX DEGREES

The regents of the state university have been doing what they could to break the force of the damaging disclosures about the wretched management of that institution by Mayor. They have made the impossibility of obtaining a man whom the community be-lieved or have been standing over $50,000 more of cost a year for the years to come, long what interest of money, the search being that the names would not the above the sacri-fice entry. Their favorite scheme has been to charge that Mr. Sanders, the engineer who made those unpleasant discoveries, was "no expert engineer," brought here for the purpose of raising the character of that poor man Draper, who would advertise, the Mayor feared, stand in the way of his political plans. In short, the success that science has become the method of the Dunne Administration. Any one who should object to the methods of the Dunne Administration is a "corporation tool," and the motive in every such case is assumed to be a desire to get the contract for himself or his friends. Any one who should attempt to show how economy and efficiency could be had is a "corporation tool." Any one who should object to the methods of the Dunne Administration is a "corporation tool."

SHOES.

Best Leather, Best Work, at Smallest Prices. A Special Make at $4.00.

What's your shoeing cost you a year? It's a big item of expense if you're buying poor leather and poor work, and we venture the assertion there's more reckless buying of shoes than any other article of apparel. The strongest argument in favor of our shoes is that they are made especially for us—the quality of the leather, the findings, the style, the finish, all as we elect and direct. We combine comfort and durability in every pair, so that the most sensitive foot will be at ease. Figure a dollar's saving on all kinds. Kangaroo, a serviceable, close-fitting leather, as soft to the foot as a stocking, and turns water readily; have them in a dozen shapes and prices. French and domestic calf, patent and enameled leather, in congress, lace, and button, in all shapes.

Boys' and youths' School and Dress Shoes, all sizes:

Sizes 1 to 5 ... 2½ to 6 ... 6 to 8½ ... 9 to 13

Our special $3.00 is something extraordinary for the money.

THE CAMPAIGN OUTSIDE.

[Politics in New York and Labor Troubles Lively.]

The Republicans in Bath Nobody Starting a Working Fight With the Same Vigor—Democrats Divided—Fusion Strong in Rochester—Labor Troubles Threaten at Niagara Falls—Democrats Claim Victory in Syracuse—Other Points of Interest.

The Republican campaign in New York is progressing without a hitch and considerable interest is now manifested here as to the fight over Tammany. The Citizens' party is holding a lively campaign and it is given out at the Astor hall that election of the "fusion campaign promoter" can be taken from Sperry, Tom, of course, is largely interested in the outcome, but will direct affairs so far as possible in the hands of securing the nomination of that Bishop coming out. Others, while apparently standing aloof are not lacking in the Republican ranks, and campaign is being fought upon the inherent principles of honesty, good government and the advancement of the State and not to Bishop Greer.

A source of great strength to the Republicans, aside from the platform, is the active work of their leaders. Encouragement in the form of cheering news received by them from all parts of the State. Chairman Woodruff, for the candidate for President, Lieutenant Governor Wm. Barnes, Jr., has been at work during the campaign and is now actively engaged in the work of the campaign. Under the administration of Police Commissioner the police force of Greater New York has been brought to a high state of efficiency, and the service greatly increased, to the satisfaction of property owners and taxpayers.

Senator E. Clary, of Albany county, an able lawyer, is Republican candidate for Attorney-General. Mr. Clary is a graduate of Union College, Schenectady, and was a member of the Assembly in 1894, 1895 and 1896. He was elected to the Senate in 1898 and 1902, and was re-elected in 1906. He is a member of the Republican State committee, and has been active in the campaign. Senator Clary is a member of the Masonic fraternity, and is also a member of the Albany Country club, the Albany Law Union, the Albany Chamber of Commerce, and the Albany Historical and Art society. He is a member of the Dutch Reformed church.

Mr. S. L. Fuller, of Great Crossing, Ky., Republican candidate for Governor, is a prominent citizen of Kentucky, and has been active in politics for many years. He is a member of the Republican committee of the State, and has been chairman of the Republican committee of his county. He is a member of the Masonic fraternity, and is well known in that order, and has been honored with the highest degree conferred by the Grand Lodge of Kentucky.

Mr. Fuller is a native of Kentucky, and has been a resident of Great Crossing for many years. He is a member of the Christian church, and has been active in church work. He is a member of the Knights of Pythias, Odd Fellows, Elks, Woodmen of the World, Modern Woodmen of America, Knights of Columbus, Royal Arcanum, Maccabees, Eagles, Red Men, Improved Order of Red Men, Foresters of America, Knights of the Golden Eagle, Knights of the Maccabees of the World, Ancient Order of United Workmen, Ancient Order of Hibernians, Knights of Honor, Knights of Pythias, Order of Owls, Order of Moose, Order of Elks, Order of Eagles, Order of Red Men, Order of Foresters of America, Order of Knights of the Golden Eagle, Order of Knights of the Maccabees of the World, Order of Ancient Order of United Workmen, Order of Ancient Order of Hibernians, Order of Knights of Honor, Order of

Lea & Perrins' Sauce.

Lea & Perrins the original and genuine Worcestershire Sauce, has been before the public over half a century. Like all popular favorites, it has long been the subject of comparison and the pretext for counterfeiters, who put up imitations in imitation bottles, offer to the public imitations in imitation labels and style of putting up. They have not succeeded in the signature of Lea & Perrins, which is on the red label of every genuine bottle, and of which this is a facsimile.
